

MEETING OF THE BOARD OF CONTROL

Convened in This City at 3 O'clock Monday Afternoon.

WILL MEET AGAIN TODAY

At the Session Monday Several Bids Were Received and Discussed, but No Definite Action Was Taken—Dr. Sledd and Prof. Hare Were Present.

The State Board of Control held a meeting in this city at 3 o'clock Monday afternoon, at which were present a full board, as follows:

Hons. N. B. Ryan of Jacksonville, chairman; A. L. Brown of Eustis, P. K. Yonge of Pensacola, M. B. King of Arcadia and S. G. Kellum of Tallahassee, secretary.

Dr. Andrew Sledd, president of the University of Florida, Prof. William B. Hare, superintendent of the Institute for the Deaf, Dumb and Blind, St. Augustine, Architect W. A. Edwards of Columbia, S. C., and a number of contractors for sand brick, stone, etc., were also present.

The meeting occupied the entire afternoon, but inasmuch as the board was in executive session, no definite information as to the deliberations were given out. A number of bids were received and discussed, but nothing definite was announced.

The Board adjourned at 5:30 until 9 o'clock this morning.

In the morning the members of the board and visitors were driven to the University grounds, and expressed themselves as being well pleased with the site, as well as the surroundings, the land being high and rolling.

Today being rule day in the Supreme Court, it may be possible that a decision in the Buckman bill case will be reached. In that event the decision will be known here immediately after it is rendered.

BARLOW MINSTRELS GOOD.

This favorite Organization Better This Year Than Ever Before.

Barlow's Minstrels, which is owned by J. A. Coburn, has always been a favorite with the Gainesville people, because it is always good. Unlike other organizations of this kind, which alternate in good and poor talent year after year, this aggregation is always refined and up to the standard, but this season it is better than ever, and the large audience showed its appreciation Monday night by hearty applause which at times shook the house.

The music and singing was as good as ever heard here, and the specialties were above the average.

Among the specialties was Dan S. Holt, the Georgia Cotton Blossom, who has been a favorite with Barlow's Minstrels for many years. He is one of the best negro impersonators on the stage, and has gained a national reputation.

Frank H. Tinney in his musical stunts was as fine as could be desired, and his piano playing and dancing were all that could be desired. Mr. Tinney is an original character, and it has been suggested that he would make an ideal equine to conduct candidates over the hot sands of Elkhorn.

The Barlow quartet retained the excellent reputation it has already made here among those who appreciate good vocal music.

The famous Lamy family of acrobats were wonders in their profession, while "Lively," the contortionist, was as good as contortionists ever get to be.

In all, the performance was first-class, and everyone was satisfied with the evening's entertainment.

Must Turn in Books.

The library committee of the Twentieth Century Club are requested to turn in all books belonging to the club, as the club desires to transfer the same to the public library, which will soon be established here. The public library has secured the building on West Liberty street, opposite the residence of O. A. Colclough, which will make a most convenient and desirable room for the purpose.

Off on a Hunt.

W. R. Steckert and A. M. Cushman left Monday night for the wilds of Gulf Hammock, where they will spend a few days on a hunting expedition. Mr. Steckert informed The Sun man that he expected to slay a number of bear, and would present the editor of the paper with a saddle of jerked bear meat. Mr. Cushman did not make any promises.

MODERN METHODS

Improve a Remedy That Was Always Peerless in Its Line.

We are told that the great popularity of Vinol is due to the fact that it is really a new form of a time-tried and old remedy, cod liver oil, now by an elaborate modern process produced without oil, delicious and doubly potent.

We wish everyone could realize the fact that Vinol is not a patent medicine. It is simply a new way of administering the curative elements of cod liver oil.

There is no one living who will dispute the merits of cod liver oil as a tonic builder of the human system.

The trouble has been that but few people could take cod liver oil on account of the grease, obnoxious taste and terrible odor.

With Vinol, however, everything is changed. By a modern method of chemistry you get all the medicinal curative elements found in cod liver oil in a highly concentrated form, and best of all, without a particle of grease, which has no value, either as a food or medicine.

The reason Vinol can accomplish so much more good than cod liver oil or emulsions is because it is so easily assimilated, the weakest stomach can retain it; thus it enriches and purifies the blood and strengthens every organ in the body to do its work as nature intended.

In all cases of chronic coughs, bronchitis, severe colds, run-down condition, loss of appetite, all derangements of the stomach, etc., we guarantee Vinol to cure or return your money if it fails. W. M. Johnson, Druggist.

MONDAY'S COLD SNAP.

There Was a Good Frost, but No Damage to Vegetation Feared.

The first frost of consequence of the season appeared Monday morning, and in some sections of the city ice was reported. Experienced truckers, however, anticipate no damage to vegetation, but to the reverse feel that the cold will benefit the lettuce crop, having a tendency to make the plant head more quickly and firmly.

The bean shipments are not so heavy as formerly from some sections, but lettuce and peas are moving lively.

To Cure a Cold in One Day

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 25c.

HUMPTY DUMPTY.

Will be Seen at the Opera House in This City.

The inimitable pantomime "Humpty Dumpty," with George H. Adams in the title role, assisted by a cohort of pretty show girls and beautiful scenic and electric effects, will be at the Edwards opera house on Saturday, December 16th. This gorgeous production combines vaudeville, comic opera, comedy and pantomime, cleverly welded, making an entertainment of a most varied and kaleidoscopic grandeur. Among the vaudevillians who will appear are the Vallie Edgars in illustrated songs; Frank Sommers, the refined minstrel entertainer; the Elmos, in a Dutch comedy skit and crayon sketches; Saville Sisters, America's favorite soubrettes; Berry and Martek, musical artists and many others. Among the features will be the grand march of the Amazons, the beautiful "Dance of the Butterflies" and the latest films in moving pictures. The whole is one aggregation, extravagant, fantastic and beautiful. "Humpty Dumpty" is under the able management of Ernest Cooke, late of the Buffalo Bill's Wild West Show and is pronounced by the critics of the leading metropolitan journals as the very acme of a refined performance.

The Key That Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not the rotund well fed, but thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age. For sale by all druggists.
